Mama Africa

Welcome to Mama Africa Botanic Restaurant, the heart and soul of Ycona's culinary experience. Here, we embrace the farm-to-table concept in its truest essence, redefining the way you connect with your food. In our botanical sanctuary, guests are invited to roam the verdant aisles of the Ycona botanic garden, a lush oasis teeming with organic treasures. Imagine the joy of handpicking your ingredients, ripe from the vine, and crisp from the soil. Here, the earth offers its bounty, and our guests become active participants in their culinary journey. Our talented chefs at Mama Africa transform these freshly harvested delights into gastronomic masterpieces. Each meal is a canvas painted with the vibrant hues of our garden's produce, a symphony of flavors orchestrated by your own choices. Whether it's the sweetness of sun-ripened tomatoes or the crunch of just-picked greens, every bite tells a story of the land it came from. Beyond the delectable dishes, Mama Africa represents a commitment to sustainability. By reducing food miles and fostering a deep connection between our guests and nature, we honor the Earth while savoring its gifts.
