NEW AT NIYAMA	20

The COVID-19 pandemic has impacted heavily on us all, personally, socially and economically. Like many resorts across the globe we temporarily closed our Niyama resort for several months, but are delighted to now to be fully operational again. During the closure the resort was thoroughly deep cleansed and disinfected and we now have in place our unique "Peace of Mind" operating procedures. Every possible safeguard has been introduced to ensure guests can have total confidence in enjoying our superb facilities and activities safely and securely.

We are now thrilled to introduce our Spring program to you, and welcome in a season of glorious temperatures, dazzling blue skies, warm, peaceful waters and sublime sunsets. Easter, in particular, is a magical time to be here in the tropical paradise of "Chill" and "Play", our two islands of crystal white sands, sheltered lagoons and coral atolls.

"Nature's Playground" always celebrates Easter with style and panache. This year, we have laid on a wondrous array of activities, whether you are young or old, adventurous or seeking tranquility. Delicious seasonal feasts, magical therapies at Drift by Niyama with celebrity practitioners, and so much for the kids to do, with an Easter Egg Hunt, beach games, parties and more...

We know "special", and at **Niyama Private Islands Maldives**, that's exactly what you will find!
