MARINE
BIOLOGIST

FARU DISCOVERY WITH GIULIA PELLIZZATO

Giulia Pellizzato is our passionate resident Marine Biologist with wide knowledge in marine ecosystems after more than 5 years of research studies and diving.

She gives educational presentations and connects children directly with the marine environment through Faru Discovery, an interactive and funny way to learn about coral reef ecosystems.

Depending on the age of the participants, the focus will be on Marine animals that live on our reef, corals anatomy and reproduction and corals/zooxanthellae symbiosis and threats to coral reef.

Advance booking is required.
